R. P. I. TRIMS VARSITY, 33-22

Team Slow in Starting—Did Best Work in Second Period—Doane and McGiffin High Scorers

The Buff and Blue basketeers suffered their first defeat last Saturday at the hands of the fast Rennselaer Polytechnical Institute five at Troy, by a score of 33 to 22. The contest was hard fought throughout but the Hamiltonians were slow in getting started so that R. P. I. secured a commanding lead early in the first half which the Buff and Blue found it impossible to overtake. The game was played in a gymnasium considerably larger than the one here, thus giving the opponents all the advantage of being on their home court. The passing of the Rennselaer five was only mediumly fast, but it was very accurate. Their field goals were secured on short shots for the most part and were well deserved. Capt. Riddle, who shot the fouls for R. P. I., caged seven out of twelve tries, while McGiffin did a little better with six points out of a possible ten. Doane and McGiffin were high scorers for Hamilton with eight points each. Capt. Garner as usual played a stellar floor game, while Hamilton and McGiffin kept the opposing forwards pretty well in check. Hatch was held scoreless by Capt. Riddle, the star R. P. I. guard, while Echholtz excelled for the engineers with ten points to his credit.

The first half began with the Buff and Blue confused by the unusual size of the court. R. P. I. secured a big lead in this half, while Hamilton's field goals were not caged until two minutes before the half ended, when Doane broke away for two baskets. All of Hamilton's foul points were secured in this period. The half ended with the score 21 to 10 in favor of the engineers.

In the second half, Hamilton came back strongly and made six field goals to five by R. P. I. The Buff and Blue passing clearly excelled that of Rensselaer for most of the half. Warren was sent into the game in this period to take the place of Hatch.

NOTICE

The hockey game with the U. of Pennsylvania that is announced elsewhere in this issue has been cancelled since the paper went to press. Therefore the team will leave on Friday afternoon instead of Thursday.

CAUSE OF WATER SHORTAGE DISCOVERED

Large Leak Responsible for Low Water Supply

A 15,000 to 20,000 gallon a day leak in an old connection of the water pipe which feeds the boiler in the gym was stopped Saturday when the connection was turned off at the main. This leak, Mr. Coughlin believes, has been one of the large factors in decreasing the water supply in the reservoir. The other two reservoirs which were empty for several months because of the fall drought, are beginning to fill up again from springs. The water situation is, consequently, improving.

The daily consumption of water for the college should be 50,000 gallons. It runs actually about 100,000 gallons. This means that the per capita consumption is greater than that of Utica which is 110 gallons a day. In figuring the per capita consumption, factory use is also figured in. However, in Utica the water is metered and the waste is not so large.

LATIN CLUB WILL SOON PRESENT PLAY

Old Custom to be Renewed After Lapse of Four Years

Following its established custom of producing a play every third year, the Latin Club has announced its choice of Plautus' Mostellaria for the 1923 performance. Although a play would usually have been given in 1922, it was postopend owing to the absence of Prof. C. K. Chase.

The Latin plays given in the past at the College have attracted nation-wide interest. Prof. Chase has received many requests to take the plays on the road, but heretofore this has not seemed feasible. This year, however, two very practicable offers have been received, one of which will probably be accepted. The trip will be made between the middle of the second term and Commencement Week. The College presentation will come within a week of the trip.

The Mostellaria, or The Ghost, is one of Plautus' most famous comedies and is the story of a young spendthrift, who, in his father's absence, runs through the paternal estate. On the father's approaching return, the young blade is desperate. However, following his favorite slave's advice, he boards up the house, and tells his father that it is haunted by a ghost. The rest of the play deals with the father's dilemma and his final forgiveness of his son. One of the most amusing parts is the "drunk" scene, in which a gay Roman party is shown in full swing.

NOTICE

The Fifty-fifth Annual Dinner of the Hamilton College Alumni Association of New York will be held at the Hotel Savoy on Friday evening, Jan. 19, at 6:30 p. m. Hon. Chester S. Lord, '73, who is President of the Association, will preside as toastmaster and among other speakers will be Hon. Graves, Commissioner of Education of the State of New York.

1923 PROM. PLANS NOW COMPLETE

A Full Program is Assured—Prom to be Held in Hall of Commons

With the completion of the plans of the 1923 Junior Prom Committee, all indications seem to point toward an unusually successful week. The committee, under the able direction of Bud Pottle, has been working hard since the Christmas vacation. A full program of events has been assured, and at no time will entertainment be lacking.

Thursday there will be a basketball game with Stevens Institute of Technology. In the evening the various crowds will entertain at their houses. Friday afternoon at 2:15 there will be a hockey game in the Russell Sage Building with Clarkson Tech, followed by the Sophomore Tea Dance at Sigma Phi Hall. The Junior Prom will be held in the evening at the Hall of Commons. For Saturday afternoon is scheduled the Instrumental Club concert at Commons, and a tea dance at the Delta Upsilon House. Saturday evening there will again be dancing at the fraternities.

The decoration of the Hall of Commons, which is under the direction of Mrs. George H. Sicard of the Court Shop, will attempt to carry out as fully as possible its architectural similarity to a Norman baronial hall of the feudal period. The various booths will be covered with gay draperies and curtains, and will extend around three walls of the hall, converging on the orchestral platform at the rear. Music will be furnished by Meyerhoff's 8-piece orchestra of Schenectady.

The grand march opening the Prom will begin as near 9 o'clock as possible. Between the 6th and 7th dances a supper will be served by Mrs. Southworth.

THREE STUDENTS HAVE APPENDICITIS

All Are Mild Cases—Loomis and Baer Are Convalescent

There seems to be an epidemic of appendicitis on the Hill. Three men have already been operated on. Grant underwent operations last week and yesterday morning Albert Fulton, '26, Loomis, '23, and William Baer, '24, was operated on by Dr. Sherwood of Syracuse. He has been suffering from attacks of the disease for some time and on Sunday he returned to his home in Syracuse. After an examination the doctor decided to operate.

Both Loomis and Baer are now well on the way to recovery. Loomis, who was at Faxton Hospital, is convalescing at the home of George H. Sicard, '06, and hopes to be out on the Hill within the week. Baer has left the Homeopathic Hospital to stay with Wallace Johnson, '15, for a few days.

HAMILTON DEFEATED BY DARTMOUTH SKATERS

First Game of Intercollegiate Hockey League—Hamilton Defense Weak in First Period—Varsity Successful in First Two Games of Season.

After a hard fight of which any Hamilton man may well be proud, the Buff and Blue hockey team went under in the game with Dartmouth on the Russell Sage Rink last Friday night. This was the first contest to be played by Hamilton as a member of the Intercollegiate Hockey League. It was also the first time that teams from these institutions had ever met. Despite the 6-2 defeat, however, there can be no doubt that the varsity is a more than worthy opponent for the other teams in the league.

From the first whistle until the last there was no let-up by either team. Not many minutes of the first period passed before Sheehy, center for the visitors, took a long shot that found the Hamilton defense off their guard and landed in the net. Almost immediately Watson Thompson, by some skillful stick work, slipped the puck past Neidlinger, and tied the score. But before the period ended, the Hamilton defense opened up and allowed three goals that gave the Green a comfortable lead. The first of these shots was made from a distance by Foster. Osborne caged the other two by speedy skating past the varsity defense.

The second period was anybody's battle. The Hamilton defense showed to much better advantage, and Marks at goal made stops of several shots that looked hopelessly accurate from the Hamilton viewpoint. The forwards pierced Dartmouth's defense several time only to have Neidlinger stop their shots by his excellent guarding. Russell Thompson did good work in the offensive of this period. Despite its improved attack and defense, the Buff and Blue failed to score while Sheehy added another to Dartmouth's total, making the score 5-1.

The third period was worth going many miles to witness. It is doubtful if the home rink has ever seen a stiffer bit of fighting. The Hamilton attack forced the opposing defense to the limit. Time after time her forward men pushed through a tight defense, and about the middle of the period Yates slipped the rubber from the middle of a furious melee into the net. The chowd howled insanely from then on as the game swung from one team's advantage to the other. It is safe to say that Hamilton was superior to her opponents for the large part of this period. Just before the final whistle, Sheehy circled the varsity defense and fixed the final score at 6-2 for Dartmouth.

Consistent attack and defense on the part of the New Englanders proved itself superior to the brilliant but unsustained work of the Buff and Blue. Sheehy's accurate eye and Neidlinger's almost impenetrable guarding at goal were noteworthy features of Dartmouth's game. Excellent passing was responsible for some of their scores. Captain Thompson and his brother Russell played a good offensive game. They were well supported by Yates. After the first period Hamilton's defense played a good game and Bates and Marlow broke up Dartmouth's attempts to score consistently. Marks at goal showed great improvement over his previous appearances at that position. One of the values of the contest was the fact that it revealed weaknesses in the work of the Buff and Blue which have not been evident in other games this season.

The line-up:

Hamilton 2		Dartmouth 6
	L. W.	
Yates		Lyons
	R. W.	
R. Thompson		Osborne, capt.
	C.	
W. Thompson, capt.		Sheehy
	L. D.	
Marlow		Foster
	R. D.	
Bates		Perry
	G.	
Marks		Neidlinger

Goals: Sheehy 3, Osborne 2, Foster (Dartmouth); W. M. Thompson, Yates (Hamilton).

Hamilton vs Nichols

The Buff and Blue hockey team opened the season against the fast Nichols Hockey Club of Buffalo on Dec. 16th on the Sage rink. The first game resulted in a 5 to 4 victory for Hamilton.

The game was not particularly full of brilliant playing on either side. The playing of the Hamilton team was not up to its former standard and at times was alarmingly lacking in team work. Capt. Watson Thompson was handicapped in the game by the fact that his knee which he injured during the cross-country season was bothering him again. His usual brilliant individual work was lacking, but he played an excedingly clever game on the defense. His young brother, Russell Thompson, was perhaps the individual star of the game, accounting for two of the tallies and also some very clever pass work. Yates, Marlow and Bates also played well. Marlow's clever shooting accounted for one of the goals and Bates and Tommy Thompson for the other two.

At no time did the game seem to be in danger and the Hamilton team easily outplayed the ex-college stars of Buffalo. Hamilton scored twice in the first period, once in the second and twice in the last period.

Wood and Marks were both given a trial at the goal position. For the little experience that either of these men have had, their work was good.

Donnacona Defeated

On Jan. 6th before a capacity crowd the Buff and Blue skaters covered themselves with glory by defeating by a score of 8 to 6 the Donnacona team of Quebec, one of the cleverest teams playing hockey in Canada today. The Hamilton team showed all its old-time form and team work. The shooting of the Hamilton team was one of the high lights of the game.

The Donnacona team was brought here through the generosity of Charles B. Rogers, '87. He brought the Can-

Examinations.

As the January examinations draw near, the freshmen are without doubt becoming a little nervous. But this is not necessary if one will remember to keep cool in the examinations. One cannot do justice to himself if he is excited and rattled. This hurries him and he forgets to think out his entire answer before putting it in the paper.

If you pass each subject as it comes, you will save yourself a great deal of trouble and your college life will be less of a grind in the next three years. The examinations are held under the "Honor System". Under this system each man is put on his honor not to cheat in an examination and to report any evidence that he has of any one else cheating. He is allowed to leave the examination room, and while out he may converse but not about the examination. The "Honor System" has been entirely successful in past years.

ARMSTRONG LECTURES IN COMMONS HALL

Movies Acompany Talk on "The Lure of the North"

Mr. L. O. Armstrong, a lecturer sent out by the Bureau of Commercial Economics, delivered a lecture in the Hall of Commons, Jan. 5th, on "The Lure of the North." In the absence of President Ferry, Dr. Fitch introduced the speaker, who told of a nervous breakdown in college that had forced him to the great northern out-of-doors. The moving pictures which accompanied his lecture illustrated three different subjects. The first of these was a salmon-fishing trip in New Brunswick. The second showed various historical scenes around Quebec, while the third illustrated the Canadian Rockies. The most interesting feature of this last film was the part which showed the hunting of mountain goats, these being the first pictures ever taken of that sport. A good crowd of students and faculty thoroughly enjoyed the lecture.

CHARLATANS BEGIN WINTER PROGRAM

First Performance at Utica Country Day School

The Charlatans presented four one-act plays before a capacity audience in the Utica Country Day School Auditorium on December 14th. These plays were repeated the following evening in Scollard Opera House, Clinton.

William B. Baer, '24, President of Charlatans, took leading parts in three plays. In " 'Op O' Me Thumb" he was in his natural element in the role of Amanda Afflick, the unattractive laundry girl afflicted with an imaginative amour. In "The Birthday of the Infanta", he played the difficult role of the hunch-backed Fantastic who dances before the Infanta of Spain on her twelfth birthday. As the Woman in "Lima Beans" he shared honors with Elbert Lanrowitz, '23 the Man. This little skit was received with much enthusiasm.

Charles C. Thomas, '25, played a difficult role—that of St. Francis of Assisi, a monk who reforms three robbers—in "As Good as Gold."

Elbert Lanrowitz, '23, rendered several piano selections during the course of the evening.

HAMILTONIAN COPY IN PRINTER'S HANDS

A Few Changes to Be Made in 1924 Year Book

Manuscript of the first ninety-six pages of the Hamiltonian was forwarded yesterday to the printers Hammersmith-Kortmeyer Co., of Milwaukee. All the manuscript will be in by March fifteenth. The book will be ready for distribution during the first week of May.

The cover will be of the same material as the 1923 Hamiltonian, but it will be blue in color and of a different design. The pages will be bordered in gold, and the campus section will be printed with colored ink. In so far as possible the Board has omitted material of a purely catalogue nature which is not of interest. The faculty section has been cut down to three pages by omitting photographs of the faculty members. Pages of snapshots will be printed of the faculty the members of Phi Beta Kappa, athletic team groups, fall house-party and Prom house-party groups, as well as several features.

In accordance with the vote of the Junior Class the book will be dedicated to Coach Prettyman.

The greatest difficulty the Board has had has been in finding men in the Junior Class to make drawings. Sophomores desirous of competing for the Art Editorship of the 1925 Hamiltonian are asked to see John Ogilvie, Art Editor, or Editor-in-Chief Donald Jones at the first opportunity. There is considerable art work still to be done.

MYERS LECTURERS

On Thursday, March 15th, Dr. Frank Jewett Mather, Marquand Professor of Art at Princeton University, will speak on some subject connected with the Fine Arts.

On Wednesday, March 28th, Christopher Morley, of the New York Evening Post, will speak on "The Sunny Side of Grub Street."

—Due to an error in the last issue of **Life**, George W. Stanley's name was ommitted from the list of those who received football letters.

LANGLEY'S FIRST MODEL IN FLIGHT

"The way of an Eagle in the air"

CENTURY after century men broke their necks trying to fly. They had not troubled to discover what Solomon called "the way of an eagle in the air."

In 1891 came Samuel Pierpont Langley, secretary of the Smithsonian Institution. He wanted facts. His first step was to whirl flat surfaces in the air, to measure the air pressures required to sustain these surfaces in motion and to study the swirls and currents of the air itself. Finally, in 1896, he built a small steam-driven model which flew three-quarters of a mile.

With a Congressional appropriation of $50,000 Langley built a large man-carrying machine. Because it was improperly launched, it dropped into the Potomac River. Years later, Glenn Curtiss flew it at Hammondsport, New York.

Congress regarded Langley's attempt not as a scientific experiment but as a sad fiasco and refused to encourage him further. He died a disappointed man.

Langley's scientific study which ultimately gave us the airplane seemed unimportant in 1896. Whole newspaper pages were given up to the sixteen-to-one ratio of silver to gold.

"Sixteen-to-one" is dead politically. Thousands of airplanes cleave the air—airplanes built with the knowledge that Langley acquired.

In this work the Laboratories of the General Electric Company played their part. They aided in developing the "supercharger," whereby an engine may be supplied with the air that it needs for combustion at altitudes of four miles and more. Getting the facts first, the Langley method, made the achievement possible.

What is expedient or important today may be forgotten tomorrow. The spirit of scientific research and its achievements endure.

HAMILTON SUCCESSFUL IN FIRST TWO GAMES

U. of Maine and Union Suffer Defeat at Hands of Varsity—Extra Period in Game with Union

The Buff and Blue quintet opened its season in the Soper Gymnasium on Monday, Dec. 18th, with a 34-25 victory over the University of Maine. This was the first time that teams from these colleges had ever met. Hamilton showed an excellent brand of basketball. The game was fast, especially in the second half, when the team did some very good pass work. Cahill of Maine was the first to score, but Hatch soon caged two in quick succession. This gave Hamilton the lead which she kept throughout the game.

There were a number of fouls called on both teams. Mason and Berg made 11 fouls together, while McGiffin accounted for ten points from the foul line. McGiffin was the high scorer of the game, making a total of 12 points. Garner took second place with 8 points, and Hatch and Doane each had 6 points to their credit. Hamilton scored one basket. Garner, Doane and Hatch were consistent scorers from the field. Hamilton and McGiffin were both on the job at the guard positions, and held Maine to only seven field goals. Cobb, Holmes and Mason played the best game for the visitors.

Hamilton Trims Union

The Hamilton quintet defeated its traditional rival, Union, in one of the hardest fought and most exciting games ever witnessed on College Hill Saturday afternoon, Jan. 6th, by a score of 24-26. So evenly matched were the teams that the score was a tie when the whistle was blown for the end of thhe game. In the extra five minute period Hatch brought the victory over Union with a field goal.

At the beginning of the first quarter Garner easily tipped the ball to Doane. In a few plays Doane made the first score of the game with a field goal. From the outset it was plain that the Buff and Blue team was superior in respect to team work and passing. The playing of the Union men was characterized by more or less individual work, and when Hamilton got the ball only a bad pass enabled the Garnet to start towards their basket. Shortly after Doane's basket Union followed with a field goal. The rest of the first half was marked by one team or the other tying the score only to have the tie broken by a field goal or penalty shot. At the end of the first half the score stood 15-13 in favor of Hamilton. Hamilton had made five field goals, four of which were shot by Doane and one by Hatch. McGiffin scored five points during the half by his accurate foul shooting.

Union made the first field basket of the second half after tying the score with two penalty shots. In the next few plays Doane again tied the score with a field basket. The rest of the game was characterized by even harder playing than marked the first half. Referee Day was kept busy watching the plays and calling fouls. McGiffin broke the tie with a penalty shot, but two foul shots put Union ahead. McGimn again brought the score to a tie by making two foul shots. The referee called time out on Union for delaying the game after McGiffin's first shot. Both teams began to display a grim intention to win the game at all costs, and the result was a football pile under the Hamilton basket. At the end of the first quarter Garner broke the tie with a one-handed shot. Garner also opened the second quarter with a one-handed field basket, which was followed by a spectacular long shot into the Union basket. Smith was substituted for Hamilton. By hard playing Union managed to tie the score just before the timer's whistle blew for the end of the game. In the extra five minute period, Hatch made the winning basket after an inaccurate penalty shot by Union.

The hard playing and the fact that Hamilton was out to even up matters between Union and Hamilton in revenge for this season's football victory raised the excitement of the onlookers to a high pitch.

AN INNOVATION IN DEBATING FOR HAMILTON

Plans Under Way for Debate with Smith College

An innovation in the Hamilton College debate schedule will take place when a team from Smith College comes to the Hill and a team from Hamilton debates with Smith at that college the same evening. Manager Lewi is working hard to arrange the debate which in all probability will come some time in March. Pat Thorp, '20, a memer of the faculty in the Spoken English department of Smith College, is also trying hard to arrange the debate. The Smith team has met with considerable success against teams from Dartmouth and other men's colleges.

Middlebury comes here March 9. The question, although not definitely decided upon, will probably be, Resolved: That the Allied War Debts Be Cancelled.

March 16 is the date set for a triangular debate with Union and Lafayette. Hamilton will send a team to Easton, Pa., and Union will send a team to Hamilton. The negative teams will travel while the affirmative teams remain at home. The question is the same one which will be debated in the Middlebury contest. The debate, provided faculty permission can be obtained, may be held at the Utica Free Academy.

RELIEF IN SIGHT FOR COAL SITUATION

Form of Coke to be Mixed with Soft Coal—Mr. Coughlin Asks for Anthracite

Temporary relief is in sight for those who have suffered in cold dormitories and class-rooms in the past week. Because of the shortage of anthracite coal, the college has been forced to burn soft coal. The bituminous variety has not proved satisfactory since the soot clogs up the flues within four or five days, and so makes heat impossible. The fires then have to be extinguished and the flues cleaned. The temporary relief will be in the form of 72-hour coke which the Utica Gas Company is arranging to supply. Coke gives a very intense heat and will be mixed with the soft coal.

The United States Fuel administration has placed restrictions on anthracite coal for educational institutions. Mr. Coughlin has written the local fuel administrator, pointing out that dormitories correspond to private dwellings which are allowed to receive hard coal. It is understood that an exception would have to be made in the event that the college should receive hard coal. This is of course out of the question. Under ordinary conditions, the college consumes 35 tons of coal a week. In Commons, Knox Hall and the gym, hard coal is required and up to now sufficient quantities have been obtained to keep them heated.

—There will be a meeting of the Newman Club at Sigma Phi Hall on Thursday evening at 7:30.

Choice of a Career
From the Yale News

THE NINETY-FOUR

Someone, probably an insurance agent, was quoted recently as saying that from the mass of one hundred college graduates one individual only rose to the Polo and butler class, perilously near the top of the financial ladder. Five others became comfortably off and found themselves after twenty years at the small yacht and chauffeur stage. The other ninety-four presumably congregate in the great section of the American people who drive their own Buicks to the golf club. In other words, dreaming about being a rich man is one thing, and making the grade is "something else again."

Yet the ninety-four presumably work just as hard as the sumptuous six. Their business is the axis on which a small and uninteresting world revolves. They have become devotees of the dollar and when that fickle deity deserts, have nowhere else to turn. Jammed in a dull, straight rut of business they can never leave the road and jump the fence into finer fields of life. This, then, is the portion of ninety-four men out of every hundred now on the campus.

The answer to the problem lies in the proper choice of a career.

Between now and Commencement we shall have something to offer on the subject of "Careers." Watch for the space with the Famous Signature.

HOCKEY TEAM MAKES FIRST TRIP

To Play University of Pennsylvania and Princeton

On Thursday the hockey team makes its first trip of the season, taking in the University of Pennsylvania and Princeton. This trip will be the hardest and most important ever taken by a Hamilton team. The team will leave the Hill Thursday and play the first game against the strong U. of P. skaters at the ice arena in Philadelphia. Last year Penn sent up to Hamilton a team which proved to be a strong combination, and this year they are even more forceful. Captain Wanamaker is by far the cleverest man on the team and promises to give the Hamilton team a hard fight. The more formidable foe is Princeton who, so far this year, has set up a creditable record in hockey. Princeton is a new team on our schedule and an exceedingly strong one.

MIRACLE PLAY

The Christmas Miracle Play presented by the class in dramatic interpretation, Sunday evening, Dec. 17th, in the Hall of Commons, was a distinct and praiseworthy achievement. Especially in accord with the spirit of the play and the occasion was the program of olr Christmas music sung by the college choir. The singing was without accompaniment, and under the direction of Professor Fancher. The old corals which preceded the Miracle Play conveyed a true and wholesome Christmas spirit to the audience.

E. S. PECK, '73, DIES

On Jan. 9th at Newark, N. J., occurred the sudden death of Edward S. Peck, '73, widely known in New York and New Jersey as a lawyer and educator. Mr. Peck was the legal advisor of the late Frank W. Woolworth founder of the famous chain of stores. He helped Woolworth in his first business enterprise in Utica. Mr. Peck was vice principal of the New Jersey High School from 1877 to 1880, when he obtained a degree in law at Columbia University and began practice at 52 Broadway. Mr. Peck was a member of Delta Kappa Epsilon fraternity.

CHALLENGE

The gymnasium class meeting at 9:30 on Tuesdays, Thursdays, and Saturdays challenges the other classes to a basketball game to be p'aved some time in the near future under intercollegiate rules. No person p'aying on any varsity team is to be eligible for the team. Address all communications to Cannon, Beta Kappa House.

—Edward North Smith, '80, a prominent attorney of Watertown, has been appointed by Governor Smith as a Justice of the Supreme Court. He will assume the duties of his office at once.

—George H. Sicard, '06, has been elected to the executive committee of the New York State Lawn Tennis Association.

MUSICAL CLUBS PREPARE FOR CONCERT

Prom Concert to be Initial Appearance—New Combination in Instrumental Club

The season for the Musical Clubs is nearing its beginning, the first concert to be given during Prom week, as is customary. The reports which have been informally circulating that there would be no Prom concert are false and there is a certainty that the Clubs will provide entertainment for one afternoon of the festive season.

The Glee Club has been rehearsing since the third week of this semester, and has developed some fine numbers. There is to be an innovation in the program when the Instrumental Club and the Glee Club combine in presenting "Great Jehovah," a religious number but a fine foundation for harmony in a male chorus, with an excellent introduction by the Instrumental Club arranged by the leader of the Glee Club, Hawley Fitch.

The Instrumental Club, although late in starting its rehearsals, is swiftly developing some fine numbers. For the Prom concert, the instrumental numbers will be the latest hits in popular music.

Manager Yates has secured an appropriation from the trustees of the College with which to purchase a bass horn, something which is entirely new in college musical circles, although it has long been considered essential in medium and large orchestras. Leslie Moore is to have the honor of being the first to use the horn in the College, and at the rehearsal Wednesday night, the improvement in the balanced effect of the combination was very noticeable.

The instrumentation of the Club is also a novel experiment. The public has been accustomed to thinking of college musical clubs as a combination of mere singing and poor mandolin and guitar playing. The instrumentation of the 1923 Instrumental Club, however, is a combination of the popular dance orchestra and a theater orchestra, which is capable of producing the proper effects on both classical and popular music. Two pianos, three saxaphones, violin, piccolo, cornet, trombone, bass horn, three banjos and drums comprise the Instrumental Club, and although an entirely new combination, is proving very satisfactory.

LAWYER, EX-'25, RECEIVES APPOINTMENT

Made Military Secretary by Governor Smith

Among the list of appointees recently made public by Governor Alfred E. Smith was that of Capt. David B. Lawyer, ex-'25, as military secretary. The position pays $4,500 a year.

Before entering Hamilton, Lawyer attended Manlius Military Academy from which he graduated in 1920. He attended officers' training camp at Plattsburg in 1918 and was later commissioned Captain and named to command a service company of the Tenth Infantry. He is the youngest captain in the N. Y. N. G. Before receiving the Governor's appointment, he was on the reportorial staff of the Albany Evening News.

While attending Albany Academy, Lawyer played on the forward line of the 1915 hockey team which won the championship of eastern New York and western Massachusetts. He was a member of the 1921 Buff and Blue football squad and showed up well in the quarterback position. He was a member of the Theta Delta Chi fraternity.

HAMILTON DEFEATED BY DARTMOUTH SKATERS

(Continued from page 1.)

adians down for the purpose of putting the Hamilton team up against as stiff competition as possible.

The game was exceptionally well played on both sides. The Canadians were the better skaters and had a little better team work than the Buff and Blue, but they were not accurate in their shooting.

The first period was played mostly on Hamilton's end of the rink. The Hamilton team was just a bit nervous and seemed unable to get started. However Thompson and his cohorts were able to break through the Canadian second line defense and account for three tallies against the players from across the border. Out of four shots taken at Donnacona's goal in the first period, three of them reached their mark.

The second period started with the score three to one in favor of Hamilton . During this period the Canadians annexed two more tallies to their score. The playing was exceedingly fast during the entire period and was marked by the clever team work of the visitors and the individual playing of the Thompson brothers.

The last period started off with the Hamilton team in full swing. The Buff and Blue playing outclassed in every way that of the Canadian team. However, the Quebec skaters were able to put in the puck for two more tallies that kept the crowd in suspense for the time being. Hamilton however, easily overcame the difficulty and caged four shots in record time. Donnacona's last tally came just as the bell rang.

The playing and clever stop work of Marks was also one of the features of the Buff and Blue defense. During the second period Wood played goal and made a good showing and some neat stops.

ALUMNI COUNCIL MEETS

An adjourned meeting of the Alumni Council of Hamilton College was held on Saturday, Jan. 6th, at Hotel Utica and following that, at the Psi Upsilon House. Important business was brought up which will be suggested and acted upon at a later time. Those who were present and attended the games were: Frank M. Smith, '84, Frank Wright, '05, Merwyn H. Nellis, '06, Albert A. Getman, '11, W. Arthur Campbell, '21, Hadley E. Smith, '18, William F. Dowling, '04, Paul B. Williams, '08, Leo Coupe, '10, Edward K. Parmelee, '19, John W. Calder, '14, Wallace B. Johnson, '15, George H. Sicard, '06, Grover C. Clark, '07, Edgar W. Couper, '20, J. Joseph Musselman, '17.

VARSITY TO MEET COLGATE FIVE

Tomorrow the basketball team plays its second game on an alien court against the fast Colgate five. Since the defeat of last Saturday night the team has had a fast workout, and big things are expected when the two teams clash. So far this season, Colgate has won from the University of Maine 42-24 while the Hamilton varsity trimmed the Maine team 34-25. After this Colgate beat Cornell at Utica and then lost to the same team at Ithaca. They romped at pleasure with St. Bonaventure and took the game by a large margin. Later ,they lost to Clarkson Tech. In all, Colgate has made a creditable showing so far this season considering the fact that they were deprived early in the season of the services of their captain and Nestor, another valiant point-getter. The Maroon team has played more games this winter than Hamilton and consequently has had a chance to get in true running form.
